

Working meeting between ECU-MAES team and INABIO

March 2, 2020 (Mon) 15:00-17:00 pm, the German delegation and ECU-MAES team visited INABIO and discussed with the Director Dr. Diego Inclán and deputy director Mr. Francisco Prieto about data availability and directions of research. During this scientific meeting, Prof. Dr. Christine Fürst shared the progress of the project and expressed her gratitude for administrative and technical cooperation and support at the institutional level.

Dir. Inclán confirmed and promised again to provide administrative and technical convenience for this research. Specifically, from now on INABIO would provide institutional and scientific cooperation for gathering essential databases and supporting further workshops / summer school.
